FLO EASE

POOL PUMP

1 EASY INSTALLATION

Self aligning barrel unions ensure an accurate and speedy installation catering for both 50mm and 63mm PVC pipe installations.

2 EASY OPENING LID

The easy opening cam-lock lid ensures user friendly operation and ease of maintenance. The clear lid ensures that the pump basket is clearly visible to ensure maintenance is carried out when needed.

3 SECURE INSTALLATION

The oversized footpiece ensures a sturdy mount for the pump and carries the overall weight of the pump once in operation. Please ensure to mount on top of a flat surface of suitable rigidity, (not sand etc that can sag when wet).

4 EASE OF INSTALLATION

The integrated carry handle ensures that placement during installation is done easier and more accurately.

FLO EASE

The Zodiac Flo Ease range of swimming pool pumps are manufactured in South Africa, for tough South African conditions. The lid is easy to operate and the overall design focus is on ease of use for the consumer, whilst maintaining the highest standard in quality and performance.

The long-lasting, high performance 80-frame motors ensure reliability & longevity, connected to a robust wet end ensuring you get a superior product with an industry leading 5-year warranty*.
